

# PET POLICY

To many, pets are family. As much as we would like to accommodate all pets, we're not always able to do so. If the home you're interested in is approved for pets, you'll need to do a quick application as part of the qualification process. Below is our minimum criteria if pet(s) are allowed. It is to be understood that no pets of any kind are permitted without the specific written approval. There is a pet application charge which is administered by a third-party pet screening tool. Service and emotional support animals are required to be screened the same as all other pets, however there will be no fees charged.

There is a maximum of 2 pets. If you wish to apply for a home and have a pet, you will need to complete an online pet profile from our Pet Screening affiliate, petscreener.com. The pet application is \$20.00 per pet and non-refundable. Once your pet profile has been completed, we will begin the approval process. If your pet is approved, you will be charged a non-refundable pet initiation fee of \$65.00.

There will also be a non-refundable pet deposit, monthly pet rent and an annual pet inspection charge as determined by their Paw Score and company screening. Utah Property Solutions reserves the right to deny a pet application, regardless of the Paw Score.
